

**Table 1.5.4: Self-Reported Limitations in Activities of Daily Living for Persons Age 18 and Over Due to Select Medical Conditions, by Geographic Region, United States 2015**

<u>Chronic Condition Causing Limitations</u>	Total Persons With Chronic Condition Causing Limitations in Activities of Daily Living (in Millions)				
	<u>Northeast</u>	<u>Midwest</u>	<u>South</u>	<u>West</u>	<u>Total</u>
Musculoskeletal [1]	11.068	15.256	23.976	13.762	64.062
Circulatory [2]	1.713	2.216	3.897	1.729	9.555
Other Conditions	1.766	2.067	3.530	2.023	9.385
Emotional/Mental Disorders [3]	0.897	1.443	2.010	1.139	5.489
Nervous System Disorders	1.030	1.174	1.736	1.312	5.252
Respiratory [4]	0.775	1.387	2.044	0.740	4.947
Diabetes	0.561	0.682	1.715	0.795	3.753
Vision Problems	0.340	0.506	1.096	0.754	2.695
Aging	0.357	0.564	0.913	0.463	2.296
Hearing Problems	0.186	0.302	0.780	0.486	1.754
Tumors [5]	0.284	0.270	0.906	0.229	1.688
Birth/Mental/Developmental Defects [6]	0.282	0.346	0.447	0.381	1.456
Total All Conditions	14.141	19.570	30.943	17.441	82.096

<u>Chronic Condition Causing Limitations</u>	Prevalence of Limitation Due to Select Medical Cause Per 100 Persons in Regional Group				
Musculoskeletal [1]	24.8	28.8	26.0	23.8	25.9
Circulatory [2]	3.8	4.2	4.2	3.0	3.9
Other Conditions	4.0	3.9	3.8	3.5	3.8
Emotional/Mental Disorders [3]	2.0	2.7	2.2	2.0	2.2
Nervous System Disorders	2.3	2.2	1.9	2.3	2.1
Respiratory [4]	1.7	2.6	2.2	1.3	2.0
Diabetes	1.3	1.3	1.9	1.4	1.5
Vision Problems	0.8	1.0	1.2	1.3	1.1
Aging	0.8	1.1	1.0	0.8	0.9
Hearing Problems	0.4	0.6	0.8	0.8	0.7
Tumors [5]	0.6	0.5	1.0	0.4	0.7
Birth/Mental/Developmental Defects [6]	0.6	0.7	0.5	0.7	0.6
Total All Conditions	31.7	36.9	33.5	30.2	33.1

\* Does not meet standards for reliability.

[1] Includes arthritis/rheumatism, bone/joint injury, back/neck problem, amputated limb, and musculoskeletal/ connective tissue problem.

[2] Includes heart problem, stroke, high blood pressure, circulation problem (including blood clots), and blood condition.

[3] Includes depression/anxiety/emotional problems and mental health conditions (ADD, Schizophrenia/Bipolar).

[4] Includes lung/breathing problem.

[5] Includes cancer and benign tumors.

[6] Includes intellectual disability, birth defects, and developmental problems (e.g., cerebral palsy).
